EXPERIENCES

Ascend Money Corporation
Product Designer | TrueMoney and Ascend Virtual Bank app | Bangkok
April 2025 - Now

- ***Sole product designer** owning end-to-end UX for the **Transfer & Receive Money** (Domestic & International Transfer, PromptPay, merchant QR, and more)*
- *Run the **full design process** from research, wireframes, UI — and present across stakeholders from product teams to executive leadership.*
- ***Collaborated** with business and cross-functional team to align user needs, business goals, and technical feasibility.*

AEDAR AED Tracking System, MediGrowth (Freelance)
Product Designer | AED Tracking System (Web-App)| Remote

- *Product designer for a **health-tech monitoring platform sold alongside AED** (defibrillator) devices, for medical equipment vendor **Medigrowth.***
- *Two separate products: a **B2B backend for Medigrowth's internal team** to onboard clients and manage AED devices, and a **B2C frontend for end customers** to monitor their own devices.*
- *Working directly from PRD documentation to scope two distinct, right-sized experiences.*

Moral Business Co. Ltd, (Freelance)
UX/UI Designer | Human Resources Web App | Remote
November 2024 - January 2025

- ***Sole UX/UI designer** with full ownership of end-to-end design — **research, user flow, user journey, and UI** — for an HR & payroll web app.*
- ***Designed** key HR & payroll features (client, employee, and contract management, salary calculation, payroll reports) and built a **scalable design system** for consistency.*

Capx AI Residency Hackathon
UX/UI Designer | AI-Powered Web App | Bangkok, TH
October 2024 - November 2024

- *Designed **Pathly, an AI-powered learning platform** personalizing education via **LLMs**, from concept to final UI.*
- *Won **3rd place** and **"Most Beautiful App"** award, earning $5,000.*

LINEMAN Wongnai (Internship)
UX/UI Designer | Food Delivery App (Mobile) | Bangkok, TH
May 2023 - August 2023

- ***Google Ads Design**: Led design of in-app Google Ads placements to **maximize ad revenue** within limited screen space.*
- ***MCP Page (Multiple Pickup Features)**: Designed the feature letting users order from multiple restaurants in one delivery.*
- ***Restaurant Review Page**: Redesigned the review section using user research, adding a preview feature that boosted conversion rates by 30%.*

Metro Systems Corporation Plc. (Internship & Part-Time)
UX/UI Designer | Software Development | Bangkok, Thailand
June 2022 - April 2023

- *Started as a **UX/UI design intern**, then continued **part-time and remote.***
- *Designed a responsive, accessible **e-commerce web app**; built a design system for a **lifelong-learning platform**; supported the KMUTT university enrollment site.*
